

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of every global industry. Transporting industrial goods takes place each day on our busy world. Primarily innovated as industrial vehicles during the 1930s in the U.S., forklifts gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

Initially started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes many models of industrial trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
