

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how tiresome it will really be to clean up your very own house right after throwing a big party, without help from cleaning machines. Before, when carpets and upholstery had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Establishing the company in 1906, he started to produce motors so as to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to have an international business selling merchandise internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This invention came in a time where other cleaning machines were huge and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing problem; stuff get dirty and need to be cleaned regularly, without a lot of effort.

Little by little, the business Nilfisk-Advance grew through the years. In the early 1980's the company grew fast when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aspiring to be an active global player in making professional cleaning machines. Nilfisk-Advance is presently found in all parts of the globe due to steadily obtaining a lot of smaller companies to be able to develop their product portfolio and presence in new markets. They are really proud to offer different cleaning solutions to suit each and every requirement.
