

Rockwell Part

Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for service, technology, delivery and quality. They believe in working within an environment which encourages the utmost integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The company has put various programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are glad to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the natural world. AxleTech has an EHS program which not just protects the natural world but which even actively protects their workers and neighbors also.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles utilized for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech specifically designs axles in order to meet specific application demands. They have more than one thousand different axle specs within their existing offering. With more than one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in various commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product selection.
